The state salary for all professional administrative employees is established by the state of West Virginia in §18A-4-2, according to the employees degree and experience level as permitted by State Code. Wetzel County's base salary includes an addition of \$500 supplement for 25 years of service and an additional \$500 at 30 years of service. Additionally, each administrative employee will receive an annual supplement commensurate with the index for his/her position from the chart above based on a beginning teachers rate with a Bachelors degree and 0 years' experience. This supplement shall be added to the daily rate for each administrator and multiplied by the days employed to compute the total annual salary.
